Master of Business Administration for STEM and Liberal Arts

The USC Aiken MBA is designed for working professionals, entrepreneurs, and business owners who do not already have a formal business education.

In particular, the curriculum is for those with a background in STEM (science, technology, engineering, mathematics) or any of the Liberal Arts. In contrast to traditional MBA programs, the USC Aiken MBA will only admit students who do not hold an undergraduate business degree.

Courses covering both basic and advanced business disciplines ensure that USC Aiken MBA graduates will attain the knowledge and skills to advance in their profession by making valuable contributions to their organization.

The MBA is also essential for entrepreneurs considering starting or developing their own business.

The USC Aiken MBA is offered as a part-time program to accommodate working professionals. Each class meets one evening per week on the USC Aiken Campus. Students who take two classes in each semester and one class in each summer term can complete the MBA in two years. Summer classes are taught in hybrid form to accommodate vacation periods.
