

Your Four Year Plan

Year One

Get acquainted with the biology faculty. Complete Introductory Biology (BIOL A121 and A122), General Chemistry (CHEM A111 and A112), and math requirements. Join a club or organization. Get involved with the campus community.

Year Two

In the fall complete Fundamental Genetics (BIOL A350) and a general education course such as Communication. This is a good time to take a foreign language and begin your cognate (Geology, Organic chemistry, Physics). Those interested in geology should take GEOL A101 Physical Geology or A103 Environmental Earth Science, which are pre-requisites for all upper level geology courses. In the spring complete Ecology and Evolution (BIOL A370) and a biology lab course at the 300-level. Complete the foreign language requirement, and take a second cognate course. Those interested in a strong research background should speak with their professors and advisor about our undergraduate research program. Arrange to enroll in Biological Research I (BIOL A199) or II (BIOL A299) for elective credit.

Year Three

In the fall complete Elementary Biostatistics (BIOL A305), another biology lab course at the 300-level, and complete the cognate requirement. Work in two general education courses such as a social behavioral science or history. In the spring, complete two 500-level courses and two or more general education courses. Enroll in Biological Research III (BIOL A399) to gain a deeper, richer research experience. In the spring complete biology courses at the 500-level, along with two or more general edu-

Year Four

In the fall complete two additional biology courses at the 300 or 500 level. Fill the remainder of your schedule with remaining general education courses. In the spring complete the research requirement, enroll in Applied Research (BIOL A499) and Senior Seminar (BIOL A490) or Research Design (BIOL A498 – spring only). Complete any remaining biology degree requirement.

Bachelor of Science

Clinical Laboratory Science

General Concentration

U of SC Aiken

Biology and Geology

Information about the Major

The Department of Biology and Geology is home to some 250 biology majors, who work with a dedicated and talented group of 15 faculty members, to develop expertise in their chosen field of study. Biology majors have a variety of degree choices, including a Bachelor of Science and Bachelor of Arts, as well as a more specialized Bachelor of Science degree with a concentration in Environmental Remediation and Restoration or Molecular Biology. Students pursuing a Bachelor of Science or Bachelor of Arts degree may do so using informal advisement tracks in Molecular/Cellular Biology, Environmental Science, pre-Medicine, pre-Dentistry, pre-Veterinary Medicine, or General Biology. Additionally, we offer a minor in Geology as well as transferable coursework into a Geology major.

Upon successful completion of the CLS program students will be awarded a certificate of completion from the University Hospital Laboratory that will afford them the opportunity to become certified Clinical Laboratory Scientists.

- Dr. Bill Jackson, Department Chair

General Education:			
Course Requirement	Credit Hours	Semester	Grade
ENGLISH (6 hrs.)			
ENGL A101– Composition *	3		
ENGL A102-Composition & Literature *	3		
History of Western Civilization (HIST A101 or A102)			
HIST A10__	3		
Foreign Language (6-8 hrs. of same language)			
*	3-4		
+	3-4		
Oral Communication (COMM A201 or A241)			
COMM A ____*	3		
Mathematics (6-7 hrs. —MATH A122 or A141 Required)			
+	3-4		
Additional hours to be taken from math/statistics/logic			
+*	3-4		
Social and Behavioral Sciences (6 hrs. —2 areas)			
	3		
	3		
Humanities (9 hrs.—two different areas)			
	3		
	3		
	3		
American Political Institutions (POLI A201, HIST A201, HIST A202)			
	3		
Natural Sciences (8 hrs.)			
CHEM A111 General Chemistry I *	4		
CHEM A112 General Chemistry II *+	4		
<i>Three hours from Social & Behavioral Sciences or Humanities must be in Non-Western Studies</i>			

The Center for Student Achievement

The staff in the Center for Student Achievement want you to be successful in your experience at USC Aiken. If there is something you need assistance with, please contact our office. The Center for Student Achievement is located on the first floor of the Gregg Graniteville Library behind the Learning Commons in suite 106.

Course Requirements– Clinical Lab Science (General): 2022—2023

Major Requirements:			
Core Requirements	Credit Hours	Semester	Grade
BIOL A121 Biological Science I *	4		
BIOL A122 Biological Science II *	4		
BIOL A418 Comparative Vertebrate Anatomy *+	3		
BIOL A350 Fundamental Genetics *+	3		
BIOL A405 Elementary Biostatistics *+	3		
BIOL A330 Fundamentals of Microbiology *+	4		
BIOL A340 Virology *+	4		
BIOL A360 Animal Physiology *+	4		
BIOL A441 Intro. To Clinical Lab Science *+	1		
BIOL A502 Advanced Cell/Molecular Biology *+	3		
BIOL A541 Principles of Biochemistry *+	4		
BIOL A550 Immunology *+	3		
Cognate			
CHEM A331 & A331L	4		
Clinical Laboratory Science Internship I			
BIOL A442 Clinical Immunology *+	3		
BIOL A443 Clinical Hematology & Hemostasis *+	4		
BIOL A444 Clinical Immunohematology *+	4		
BIOL A445 Urinalysis & Body Fluids *+	2		
Clinical Laboratory Science Internship II			
BIOL A451 Clinical Lab Operations *+	2		
BIOL A452 Clinical Chemistry *+	4		
BIOL A453 Clinical Microbiology	6
