- 1 - A grade of C or higher is required in all chemistry courses counting toward the degree. Students placing in Mathematics 108 or below will successfully complete these courses before enrolling in any chemistry course.
- 2 - Students must complete English 101/102 with a grade of C or better in order to fulfill general education requirements. Students must complete ENGL 102 with a grade of C or better before taking other English courses and for any course to count as Writing Intensive including CHEM 541L, 542L, and 511L
- 3 - At least three (3) credit hours of the degree must be in non-Western studies. See the bulletin for a complete list.
- 4 - PHYS 212 and BIOL 541 can be counted toward a cognate.
- 5 - Two (2) semesters of the same language are required.
- 6 - All graduates must complete either a Cognate or Minor. The cognate requirement is completed with a total of 12 credit hours earned in BIOL 514 plus any combination of accepted cognates (any 300+ course and selected 200 level courses). A partial list of the approved 200 level courses includes BIOL 244, 250 PHYS 212, MATH 241, 242, ENCP 200, 210, 260, and 290.
- 7 - Completion of a thesis and seminar on the research project are required for graduation.
