- 1 - A grade of C or higher is required in all chemistry courses counting toward the degree. Students placing in Mathematics 108 or below will successfully complete these courses before enrolling in any chemistry course.
- 2 - Students must complete English 101/102 with a grade of C or better in order to fulfill general education requirements. Students must complete ENGL 102 with a grade of C or better before taking other English courses and for any course to count as Writing Intensive including CHEM 541L, 542L, and 511L
- 3 - At least three (3) credit hours of the degree must be in non-Western studies. See the bulletin for a complete list.
- 4 - PHYS 211/212, MATH 241, ENCP 200/260/371/377 are part of the Engineering Concentration which also meets the cognate.
- 5 - Two (2) semesters of the same language are required.
- 6 - The two 500 Level Chemistry Electives required for the Engineering Concentration are CHEM 511 Adv. Inorg. (4) in Fall and CHEM 522 Inst. Anal. (5) in Spring.
- 7 - Completion of a thesis and seminar on the research project are required for graduation.
